Bus Services (Wales) Bill

[AS INTRODUCED]

An Act of Senedd Cymru to make provision in connection with the regulation and provision of local bus services in Wales; and for connected purposes.

Having been passed by Senedd Cymru and having received the assent of His Majesty, it is enacted as follows:

PART 1

KEY CONCEPTS AND GENERAL OBJECTIVES

Key concepts

1 Meaning of “local bus service”

- (1) For the purposes of this Act, a local bus service is a service for the carriage of passengers by road at separate fares, using one or more public service vehicles, that –
- (a) meets the condition in subsection (3), and
 - (b) has one or more embarkation or disembarkation points in Wales.
- (2) But references in this Act to a local bus service do not include references to –
- (a) a section 19 service (for which see section 40(1));
 - (b) a Part 3 of Schedule 1 service (for which see section 40(1));
 - (c) an excursion or tour;
 - (d) a rail replacement service.
- (3) A service meets the condition in this subsection if, in the case of each of its embarkation points –
- (a) the next disembarkation point is under 15 miles away (when measured in a straight line), and
 - (b) there is no point on the route between that embarkation point and that disembarkation point that is 15 miles away, or more than 15 miles away, from either of them (when measured in a straight line).
- (4) For the purposes of this section –
- (a) “public service vehicle” has the meaning given in section 1 of the 1981 Act;
 - (b) “excursion or tour” has the meaning given in section 137(1) of the 1985 Act;
 - (c) a “rail replacement service” is a service for the carriage of passengers, as a substitute for a railway passenger service that is temporarily interrupted or that has been discontinued.

- (5) Where a part of a non-qualifying service would meet the condition in subsection (3) if that part were a service in its own right, that part is itself to be treated as being a local bus service for the purposes of this Act other than the duty in section 5(1)(a).
- (6) For the purposes of subsection (5) a “non-qualifying service” is a service (other than one within subsection (2)) for the carriage of passengers by road at separate fares, using one or more public service vehicles, which has one or more embarkation or disembarkation points in Wales, but which does not meet the condition in subsection (3).
- (7) Subsection (5)(b) and (c) of section 1 of the 1981 Act (meaning of “fares”) applies for the purposes of this section.

2 Meaning of “embarkation point” and “disembarkation point”

In this Act—

- (a) references to an “embarkation point”, in relation to a service, are to any point on its route at which embarkation onto the service is permitted (whether or not passengers are also permitted to disembark from the service at that point);
- (b) references to a “disembarkation point”, in relation to a service, are to any point on its route at which disembarkation from the service is permitted, otherwise than in the case of an emergency (whether or not passengers are also permitted to embark on the service at that point).

3 Meaning of “flexible local bus service” and “standard local bus service”

In this Act—

- (a) references to a “flexible local bus service” are to a local bus service which, regardless of the existence of any limited fixed sections of route, is in the entirety of its operation so flexible that it would not be practicable to identify its route for the purposes of the Welsh Bus Network Plan (see section 5(1)(b));
- (b) references to a “standard local bus service” are to a local bus service that is not a flexible local bus service.

Objectives

4 Welsh Ministers’ duty to have regard to objectives

- (1) In exercising any function under this Act, the Welsh Ministers must have regard to the following objectives.
- (2) The first objective is to promote the use of local bus services.
- (3) The second objective is continuously to improve the reliability, safety, affordability and accessibility of local bus services.
- (4) The third objective is to work towards increasing the availability of local bus services.
- (5) The fourth objective is to work towards achieving an integrated transport system.

- (6) The fifth objective is to facilitate passenger journeys that involve using more than one local bus service.
- (7) The sixth objective is to reduce greenhouse gas emissions and waste from road transport.
- (8) In this section, “greenhouse gas” has the same meaning as in Part 2 of the Environment (Wales) Act 2016 (anaw 3).

PART 2

FUNCTIONS OF THE WELSH MINISTERS RELATING TO LOCAL BUS SERVICES

Core duties of the Welsh Ministers

5 Local bus services: core duties

- (1) The Welsh Ministers must –
- (a) determine the local bus services that they consider are required for the purpose of securing safe, integrated, sustainable, efficient and economic transport in Wales,
 - (b) publish a plan (to be known as the “Welsh Bus Network Plan”) setting out the key particulars of those local bus services, and
 - (c) so far as reasonably practicable, secure the provision of those local bus services.
- (2) For the purposes of subsection (1)(b), the key particulars of a service are –
- (a) in the case of a standard local bus service, the route and principal embarkation and disembarkation points that the Welsh Ministers consider are required for the purposes of the provision of that service;
 - (b) in the case of a flexible local bus service –
 - (i) the geographical area in which the Welsh Ministers consider that service is required to operate;
 - (ii) any fixed sections of route that the Welsh Ministers consider to be required for the purposes of the provision of that service;
 - (iii) any fixed embarkation or disembarkation points that the Welsh Ministers consider to be required for the purposes of the provision of that service.
- (3) For further provision relating to the Welsh Bus Network Plan, see sections 6 to 8.
- (4) For an exception to the duty in subsection (1)(c) in the case of cross-border services, see section 19 (cross-border services and the duty to secure the provision of services).
- (5) Where the Welsh Ministers are required by this section to secure the provision of a local bus service, they may secure that service by doing any one or more of the following –

- (a) entering into a local bus service contract in respect of a local bus service under section 9;
- (b) granting a permit in respect of a local bus service under section 11;
- (c) providing a local bus service under section 17;
- (d) relying on the provision of a service as described in section 18.

Welsh Bus Network Plan

6 Preparation of Welsh Bus Network Plan

- (1) Before publishing the Welsh Bus Network Plan under section 5(1)(b), the Welsh Ministers must prepare a draft of the Plan.
- (2) In preparing the draft of the Welsh Bus Network Plan, the Welsh Ministers must seek the views of every local authority.
- (3) The Welsh Ministers must also, in preparing the draft of the Welsh Bus Network Plan, have regard to each of the following –
 - (a) the Wales Transport Strategy;
 - (b) each regional transport plan having effect under section 109A of the Transport Act 2000 (c. 38).
- (4) Having prepared the draft of the Welsh Bus Network Plan, the Welsh Ministers must, before publishing the Plan, consult each of the following persons on the draft –
 - (a) every local authority;
 - (b) each corporate joint committee established by regulations made under Part 5 of the Local Government and Elections (Wales) Act 2021 (asc 1);
 - (c) the National Park authority for each National Park in Wales;
 - (d) any persons appearing to the Welsh Ministers to represent the interests of operators of local bus services that the Welsh Ministers consider appropriate;
 - (e) any persons appearing to the Welsh Ministers to represent the interests of employees of operators of local bus services that the Welsh Ministers consider appropriate;
 - (f) any persons appearing to the Welsh Ministers to represent the interests of persons using or likely to use local bus services that the Welsh Ministers consider appropriate;
 - (g) any other person that the Welsh Ministers consider appropriate.
- (5) Having consulted those persons on the draft of the Welsh Bus Network Plan, the Welsh Ministers may publish the Plan under section 5(1)(b) either in the terms of the draft or, if they consider it appropriate having regard to any views expressed in the course of the consultation, in other terms.
- (6) As soon as practicable after publishing the Welsh Bus Network Plan under section 5(1)(b), the Welsh Ministers must lay it before Senedd Cymru.

- (7) The requirement imposed by subsection (1) to prepare a draft of the Welsh Bus Network Plan may be satisfied by a draft prepared before the coming into force of this section.
- (8) The requirement imposed by subsection (2) that the Welsh Ministers seek views in preparing a draft of the Welsh Bus Network Plan may be satisfied by seeking views before the coming into force of this section.
- (9) The requirement imposed by subsection (4) to consult on a draft of the Welsh Bus Network Plan may be satisfied by consultation carried out before the coming into force of this section.

7 Review and revision of Welsh Bus Network Plan

- (1) The Welsh Ministers must keep the Welsh Bus Network Plan under review.
- (2) The Welsh Ministers—
- (a) must make any revision to the Welsh Bus Network Plan that they consider is required to ensure that it continues to set out the key particulars referred to in section 5(2);
 - (b) may make any other revision to the Welsh Bus Network Plan that they consider appropriate.
- (3) But subsection (2)(a) does not require the Welsh Ministers to revise the Welsh Bus Network Plan to reflect any steps taken in respect of a local bus service that would (but for this subsection) require revision to the Plan, if the Welsh Ministers consider that the period for which those steps will have effect will not exceed 14 days.
- (4) In considering whether to revise the Welsh Bus Network Plan and the nature of any revision, the Welsh Ministers must have regard to each of the following—
- (a) the Wales Transport Strategy;
 - (b) if they consider that the proposed revision may affect any part of the area of a corporate joint committee established by regulations made under Part 5 of the Local Government and Elections (Wales) Act 2021, that committee's regional transport plan having effect under section 109A of the Transport Act 2000 (c. 38).
- (5) After making any revision to the Welsh Bus Network Plan, the Welsh Ministers must as soon as reasonably practicable publish the revised Welsh Bus Network Plan.
- (6) If the Welsh Ministers make any revision to the Welsh Bus Network Plan after the most recent date on which it was laid before Senedd Cymru (either under this section or section 6) they must, within the period of 13 months beginning with the date on which the Plan was most recently laid before Senedd Cymru, lay before Senedd Cymru—
- (a) a further copy of the Welsh Bus Network Plan, and
 - (b) a statement setting out the differences between that further copy of the Plan, and the preceding copy of the Plan laid before Senedd Cymru.
- (7) Section 8 makes further provision about revisions to the Welsh Bus Network Plan.

8 Further provision about revisions to the Welsh Bus Network Plan

- (1) This section applies in relation to any revision to the Welsh Bus Network Plan that the Welsh Ministers propose to make (a “proposed revision”), unless the Welsh Ministers consider –
- 5 (a) that the effect of the proposed revision on the provision of local bus services would be no more than minor, or
- (b) that it would not be reasonably practicable to carry out consultation on the proposed revision as described in subsection (4).
- (2) Before making the proposed revision, the Welsh Ministers must prepare a draft of the Welsh Bus Network Plan incorporating the proposed revision (the “revised draft Plan”).
- 10 (3) In preparing the revised draft Plan, the Welsh Ministers must, if they consider that the proposed revision may affect any part of the area of a local authority, seek the views of that authority.
- (4) Having prepared the revised draft Plan, the Welsh Ministers must, before making the proposed revision to the Welsh Bus Network Plan, consult each of the following persons on the proposed revision –
- 15 (a) where the Welsh Ministers consider the proposed revision may affect any part of the area of a local authority, that authority;
- (b) where the Welsh Ministers consider the proposed revision may affect any part of the area of a corporate joint committee established by regulations made under Part 5 of the Local Government and Elections (Wales) Act 2021 (asc 1), that committee;
- 20 (c) where the Welsh Ministers consider the proposed revision may affect any part of the area of a National Park authority for a National Park in Wales, that authority;
- (d) any persons appearing to the Welsh Ministers to represent the interests of operators of affected local bus services that the Welsh Ministers consider appropriate;
- 25 (e) any persons appearing to the Welsh Ministers to represent the interests of employees of operators of affected local bus services that the Welsh Ministers consider appropriate;
- (f) any persons appearing to the Welsh Ministers to represent the interests of persons using or likely to use affected local bus services that the Welsh Ministers consider appropriate;
- 30 (g) any other person that the Welsh Ministers consider appropriate.
- (5) For the purposes of that consultation, the Welsh Ministers must provide each of those persons with a copy of the revised draft Plan.
- 35 (6) Having consulted those persons on the proposed revision, the Welsh Ministers may revise the Welsh Bus Network Plan either in the terms of the revised draft Plan or, if they consider it appropriate having regard to any views expressed in the course of the consultation, in other terms.

- (7) In this section, references to “affected local bus services”, in relation to consultation on a proposed revision, are to local bus services that the Welsh Ministers consider would be affected by the proposed revision.

Local bus service contracts

5 **9 Local bus service contracts**

- (1) The Welsh Ministers may, for the purposes of fulfilling their duty under section 5(1)(c) in respect of a local bus service, enter into an agreement under this section (referred to in this Act as a “local bus service contract”) in respect of a service.

- 10 (2) A local bus service contract is a contract, in respect of a local bus service, setting out terms on which –

- (a) the Welsh Ministers grant to a person within subsection (3) the right to operate the service, and
(b) that person undertakes to provide the service.

- (3) The persons within this subsection are –

- 15 (a) a person who is the holder of a community bus permit;
(b) a person who is the holder of a PSV operator’s licence.

- (4) In the case of a local bus service contract entered into with a person within subsection (3)(a) in respect of a service that is a community bus service, the terms specified in the contract must require that –

- 20 (a) the service in question is provided as a community bus service, and
(b) each vehicle used in providing the service is so used under and in accordance with the terms of the community bus permit.

- (5) The reference in subsection (3)(b) to a PSV operator’s licence does not include a licence to which a condition is attached under section 26(1A) of the 1985 Act (power of traffic commissioner to attach conditions to licences) prohibiting the holder from using vehicles under the licence to provide local bus services of all descriptions, or of a description specified in the condition.

10 **10 Power to make supplementary provision about local bus service contracts**

- (1) Regulations may make provision about terms that must be included in a local bus service contract.

- (2) That provision may relate to any of the following matters (among others) –

- (a) punctuality, reliability and safety;
(b) frequency and timing;
(c) routes and areas of operation;
(d) arrangements for determining when passengers are taken up or set down;
(e) embarkation points and disembarkation points;

- (f) booking journeys;
- (g) record keeping;
- (h) vehicles (including facilities to be made available and information to be displayed on vehicles), vehicle emissions, and types of fuel or power;
- 5 (i) connections to public passenger transport services and to section 19 services;
- (j) passenger journeys involving travel on more than one local bus service, or travel on both a local bus service and public passenger transport services or section 19 services;
- (k) ticketing, fares, and how entitlement to travel may be evidenced;
- 10 (l) education and training;
- (m) interaction with customers, including in connection with customer feedback, and procedures for dealing with complaints and incidents;
- (n) compliance with statutory requirements;
- (o) incentives for improving the quality of a service;
- 15 (p) facilities and amenities to be made available to any person;
- (q) payments to any person.

(3) Regulations under subsection (1) may –

- (a) set out a standard form for terms that must be included in a local bus service contract;
- 20 (b) prescribe circumstances in which that standard form may or must be used in a local bus service contract.

Local bus service permits

11 Local bus service permits

- 25 (1) If the Welsh Ministers consider that the requirements in subsection (3) are met, they may (whether for the purposes of fulfilling their duty under section 5(1)(c) in respect of a local bus service, or otherwise) grant a permit under this section to a person within subsection (4).
- (2) A permit granted under this section (referred to in this Act as a “local bus service permit”) is a permit, in respect of a local bus service, under which the person to whom the permit is granted is authorised to provide the service during the period for which the permit has effect.
- 30 (3) The requirements are that granting the permit –
 - (a) would not have a material adverse impact on a local bus service provided under a local bus service contract, or provided by the Welsh Ministers under section 17;
 - 35 (b) would not be inconsistent with the policies and proposals set out in the Wales Transport Strategy.
- (4) The persons within this subsection are –
 - (a) a person who is the holder of a community bus permit;

(b) a person who is the holder of a PSV operator's licence.

- 5 (5) The reference in subsection (4)(b) to a PSV operator's licence does not include a licence to which a condition is attached under section 26(1A) of the 1985 Act (power of traffic commissioner to attach conditions to licences) prohibiting the holder from using vehicles under the licence to provide local bus services of all descriptions, or of a description specified in the condition.
- (6) The Welsh Ministers may grant a permit to which conditions are attached (for further provision about conditions see section 13).

12 Period for which local bus service permit has effect

- 10 (1) A local bus service permit must specify the period for which it has effect.
- (2) A local bus service permit ceases to have effect—
- (a) with the expiry of the period specified under subsection (1), or
 - (b) on its revocation under section 15 before the expiry of that period.
- 15 (3) A local bus service permit that has been suspended under section 15 has no effect during any period for which the suspension has effect.

13 Conditions attached to local bus service permits

- 20 (1) In the case of a local bus service permit granted to a person within section 11(4)(a) in respect of a service that is a community bus service, the Welsh Ministers must attach a condition to the permit requiring that—
- (a) the service in question is provided as a community bus service, and
 - (b) each vehicle used in providing the service is so used under and in accordance with the terms of the community bus permit.
- (2) Regulations may make provision about further conditions that must be attached to a local bus service permit.
- 25 (3) That provision may relate to any of the following matters (among others)—
- (a) punctuality, reliability and safety;
 - (b) frequency and timing;
 - (c) routes and areas of operation;
 - (d) arrangements for determining when passengers are taken up or set down;
 - 30 (e) embarkation points and disembarkation points;
 - (f) booking journeys;
 - (g) record keeping;
 - (h) vehicles (including facilities to be made available and information to be displayed on vehicles), vehicle emissions, and types of fuel or power;
 - 35 (i) connections to public passenger transport services and to section 19 services;

- (j) passenger journeys involving travel on more than one local bus service, or travel on both a local bus service and public passenger transport services or section 19 services;
- (k) ticketing, fares, and how entitlement to travel may be evidenced;
- 5 (l) education and training;
- (m) interaction with customers, including in connection with customer feedback, and procedures for dealing with complaints and incidents;
- (n) compliance with statutory requirements;
- (o) incentives for improving the quality of a service;
- 10 (p) facilities and amenities to be made available to any person;
- (q) payments to any person.

(4) If the Welsh Ministers consider it appropriate to do so in consequence of provision made under subsection (2), they may at any point after a local bus service permit has been granted, by giving notice of this to the permit holder and with effect from a date specified in the notice—

- (a) revise conditions attached to the permit;
- (b) remove conditions attached to the permit;
- (c) attach new conditions to the permit.

(5) The date specified in a notice given under subsection (4) may be either the date on which the notice is given, or a subsequent date.

14 Applications for local bus service permits

- (1) Regulations may make provision about applications for local bus service permits.
- (2) Regulations under this section may, among other things, make provision about—
 - (a) the form and content of an application;
 - 25 (b) when and how an application is to be made;
 - (c) fees payable in connection with an application.
- (3) If the Welsh Ministers refuse an application for a local bus service permit they must give notice of their reasons to the applicant.

15 Revocation and suspension of local bus service permits

- (1) The Welsh Ministers may revoke or suspend a local bus service permit by giving notice to this effect to the person to whom the permit has been granted (the “permit holder”).
- (2) The notice must specify—
 - (a) the ground on which the permit is revoked or suspended;
 - (b) when the revocation or suspension takes effect;

(c) in the case of the suspension of a permit, the period for which the suspension has effect (the “period of suspension”), and the conditions to be complied with before the expiry of that period.

(3) The grounds on which a local bus service permit may be revoked or suspended are –

(a) that there has been a failure to comply with a condition attached to the permit;

(b) that the continued provision of the service specified in the permit would endanger members of the public;

(c) in the case of a permit to which a condition has been attached under section 13(1), that the permit holder has ceased to be the holder of a community bus permit;

(d) in the case of a permit to which a condition has not been attached under section 13(1) –

(i) that the permit holder has ceased to be the holder of a PSV operator’s licence, or

(ii) that a condition has been attached to the PSV operator’s licence held by the permit holder, under section 26(1A) of the 1985 Act, prohibiting the permit holder from using vehicles under the licence to provide local bus services of all descriptions, or of a description specified in the condition;

(e) that the period of suspension specified in a notice given under subsection (1) in respect of the permit has expired without the conditions specified under subsection (2)(c) having been complied with.

(4) Subject to any provision made under subsection (5)(b), notice given under subsection (1) may specify under subsection (2)(b) that the revocation or suspension of a permit takes effect either on the date on which the notice is given, or on a subsequent date.

(5) Regulations –

(a) may modify subsection (3);

(b) may make provision about when the revocation or suspension of a local bus service permit takes effect.

16 Local bus service permits: appeals

(1) A person whose application for a local bus service permit is refused may appeal against the refusal.

(2) A person who has been granted a local bus service permit may appeal against any condition attached to the permit (including against revision of a condition).

(3) A person who has been granted a local bus service permit that is revoked may appeal against the revocation of the permit.

(4) A person who has been granted a local bus service permit that is suspended may appeal against –

(a) the suspension;

(b) the period specified under section 15(2)(c);

(c) the conditions specified under section 15(2)(c).

(5) An appeal is to be made to the First Tier Tribunal.

(6) On an appeal the First Tier Tribunal may –

(a) uphold the decision in respect of which the appeal is brought,

(b) quash the decision, or

(c) substitute another decision for the decision in respect of which the appeal is brought.

(7) In subsection (2), references to conditions do not include a reference to a condition attached to a local bus service permit in accordance with section 13(1).

Local bus services provided by the Welsh Ministers

17 Provision of local bus services by the Welsh Ministers

(1) The Welsh Ministers may, for the purposes of fulfilling their duty under section 5(1)(c) in respect of a local bus service, provide a local bus service if they are satisfied that doing so would be a more effective way of fulfilling that duty than entering into a local bus service contract under section 9 in respect of the service.

(2) Subsection (1) does not apply to a local bus service that is a community bus service.

Reliance on certain services

18 Reliance on community bus services and certain other services for the purposes of the section 5(1)(c) duty

(1) The Welsh Ministers may, for the purposes of fulfilling their duty under section 5(1)(c) in respect of a local bus service, rely on the provision by any person of a service within subsection (2) (without, in the case of a service in respect of which the powers in section 9 or 11 are available, entering into a local bus service contract or granting a local bus service permit in respect of the service).

(2) The services within this subsection are –

(a) a local bus service that is a community bus service;

(b) a local bus service provided as described in section 46(1) of the 1981 Act (paying passengers on school buses);

(c) a section 19 service;

(d) a Part 3 of Schedule 1 service.

Cross-border services

19 Cross-border services and the duty to secure the provision of services

(1) For the purposes of this section –

(a) a local bus service that is a standard local bus service is a cross-border service if –

- (i) the route of the service is set out in the Welsh Bus Network Plan, and
 - (ii) that route is partly in Wales and partly in England;
- (b) a local bus service that is a flexible local bus service is a cross-border service if –
- (i) the service’s geographical area of operation is set out in the Welsh Bus Network Plan, and
 - (ii) that area is partly in Wales and partly in England;
- (c) references to a cross-border service in England are to a cross-border service so far as –
- (i) in the case of a standard local bus service, its route is in England;
 - (ii) in the case of a flexible local bus service, its area of operation is in England.

(2) Section 5(1)(c) is not to be treated as requiring the Welsh Ministers to secure the provision of a cross-border service in England if they consider that the condition in subsection (3) is met in relation to it.

(3) The condition is that the relevant transport needs will be met without the Welsh Ministers securing the provision of the cross-border service in England.

(4) For this purpose, “the relevant transport needs” are the transport needs in Wales that would be met by the Welsh Ministers securing the provision of the cross-border service in England.

(5) In considering whether the condition in subsection (3) is met, no account is to be taken of any provision secured by a county council in England under section 63 of the 1985 Act (functions of local councils with respect to transport).

Reporting requirements

20 Report on progress towards section 4 objectives

(1) The Welsh Ministers must prepare a report under this section, in relation to each reporting period, setting out the Welsh Ministers’ assessment of the way in which, and the extent to which, the exercise by the Welsh Ministers of functions under this Act during the reporting period has contributed to achieving the objectives in section 4.

(2) The Welsh Ministers must, no later than 12 months after the end of each reporting period –

- (a) publish the report under this section that relates to that reporting period, and
- (b) lay it before Senedd Cymru.

(3) In this section, the “reporting period” means –

- (a) in the case of the first reporting period, the period of two years beginning with the day on which section 5(1)(c) comes into force (for any purpose or area);
- (b) in the case of subsequent reporting periods, successive periods of four years.

- (4) For the purposes of subsection (1), functions under this Act do not include a function exercisable under section 43.

PART 3

RESTRICTION ON PROVIDING LOCAL BUS SERVICES

5 **21 Restriction on providing local bus services**
